Life Mission
Associates

Dear Friends of LMA:

Since 1982, Naomi and I have been partners in a conspiracy to set people free to pursue their unique mission. We call our program **Fulfill Your Soul's Purpose**, based on our two books, the *Fulfill Your Soul's Purpose* Book and accompanying *Workbook*.

FYSP is a coaching and counseling model with multiple adaptations. Whether you are a guidance counselor, career development professional, therapist, teacher or individual seeker, you will find LMA's tools tried and true, based on our combined years of experience in education, training, social work, and psychotherapy. We have helped thousands of people to find their mission. Here are some comments:

Delightful, motivational and practical ... Spiritual, but contains the nuts and bolts ... Good stuff! Thank you! ... Linking spirit and meaning to career pathing ... Please keep up the great work ... It is so inspirational ... The process is deeply revealing ... nothing less than life saving ... We accomplished more in one hour than I have in 10 sessions with my other counselor ... You're a terrific team!

Naomi received her Ph.D. from Indiana University in German and music, and a degree in Voice from the College of Music in Berlin, thanks to two Fulbright Scholarships and a German Government Grant. As professor, consultant, mentor and coach, Naomi has helped people find their calling. In 1982, she formed LMA and wrote *Fulfill Your Soul's Purpose* in collaboration with Sue. From performing as a soloist, she turned to choral composition in 1990. Naomi has received numerous commissions and grants for her works.

Sue received her B.A. in English Literature from Northwestern University, and an M.A. in Clinical Social Work from the University of Chicago. She worked in community mental health in a variety of settings as chief of social services and senior therapist until 1982, when she founded Life Mission Associates and her private practice. Trained in Gestalt and family systems, Sue offers couple counseling as well as career development for couples and individual seekers here and abroad.

Naomi Stephan, Ph.D. Sue Carroll Moore, LCSW

About Our Services

Life Mission Associates offers a comprehensive line of services based on our core belief that everyone has a mission. This mission goes beyond career to embrace the whole person. Open up a new door to understanding your unique purpose in life by choosing among the following services:

Coaching:

Life Mission coaching is a short-term, self-empowering process, based on self responsibility and a clear-cut partnership contract. We use assessment tools, written homework and other assignments to reinforce your learning. Our common goal is that you discover and manifest your mission, and live life with purpose and intention. Coaching can be done face to face, by telephone or e-mail, or in any combination. See our website for more information.

Psychotherapy:

Conducted at the LMA office, at your home, by telephone or by e-mail, or a combination thereof, psychotherapy is a guided process of self-discovery to help you manifest a more purposeful life. Sue's specialties are short or long term therapy, crisis intervention, grief counseling, couple and partnership work.

Programs and Talks:

In the past 20 years, we have traveled across the US, Canada & continental Europe to conduct our dynamic *Fulfill Your Soul's Purpose* programs and talks. To arrange a program at your company, church, or organization, contact LMA directly.

Life Mission Training Program

For professionals, coaches, therapists, teachers, or business trainers who wish to incorporate and teach life mission principles, we offer a certification program. Individually designed to your training needs and learning curve, this program enables you to effectively coach or teach life mission principals and incorporate it into your particular context and goals. Ask for our separate brochure, or you may download it off our web site.
